## SOUTHERN PUNJAB POVERTY ALLEVIATION PROJECT (SPPAP) PHASE IV

" I F A D T H R O U G H G O V T O F P U N J A B "

The Government of Punjab, supported by the International Fund for Agricultural Development (IFAD), initiated the SPPAP project to implement the SPPAP Phase I, which began in September 2020. The project's impact has been remarkable, reaching both North and South Punjab.

Excitingly, the project has achieved significant milestones. With the approval of SPPAP Phase IV, the project will continue to support rural development and poverty alleviation. The project is expected to reach 1.5 million people and generate 100,000 jobs. The project is expected to reach 1.5 million people and generate 100,000 jobs. The project is expected to reach 1.5 million people and generate 100,000 jobs.

" WORLD BANK THROUGH GOVT OF PUNJAB "

The Punjab Social Protection Authority (PSA) has implemented a multi-year investment project (PHCIP) with the World Bank and the Government of Punjab. This is a ground-breaking initiative that will enhance the quality of life for the most vulnerable and marginalized groups, including the urban poor, the rural poor, and the disabled. The project is being implemented in Bahawalpur, Multan, Rawalpindi, and Sialkot. IRM has forged a dynamic partnership with

Exciting developments are underway in the PSA's efforts to improve the lives of the most vulnerable and marginalized groups. The project is being implemented in Bahawalpur, Multan, Rawalpindi, and Sialkot. IRM has forged a dynamic partnership with

# 03 Google Career Certificates

Embrace the transformation of Google Career Certificates and break  
initial barriers to the digital workforce. In Pakistan, the  
empowerment of women is a key priority. In May 2023, Google  
Certificates in Data Analytics and Project Management are  
the graduate-level programs that will help women gain the skills  
needed to excel in the digital workforce. These programs are  
designed to help women gain the skills needed to excel in the  
digital workforce. These programs are designed to help women  
gain the skills needed to excel in the digital workforce. These  
programs are designed to help women gain the skills needed to  
excel in the digital workforce. These programs are designed to help  
women gain the skills needed to excel in the digital workforce.

Complementing our existing Google Career Certificates portfolio, the  
new Google Career Certificate in Project Management will help  
women gain the skills needed to excel in the digital workforce.  
These programs are designed to help women gain the skills  
needed to excel in the digital workforce. These programs are  
designed to help women gain the skills needed to excel in the  
digital workforce. These programs are designed to help women  
gain the skills needed to excel in the digital workforce. These  
programs are designed to help women gain the skills needed to  
excel in the digital workforce. These programs are designed to help  
women gain the skills needed to excel in the digital workforce.
