

IRM has established 35 smart schools in Sindh & Punjab with a total enrollment of 1,240 girls and boys.

IRM Smart Schools provide multi-grade classroom learning (Class 1-5) to children who have been denied access to education. We aim to seamlessly transfer them into the mainstream education system.

After graduating Grade 5, the children (at ages 14 to 16) will have the opportunity to either mainstream into formal education or join an employable vocational skills programme. IRM with try to provide them with vocational training through its own programme; this will give them an opportunity to earn a decent livelihood.

How to be Part of the Solution

“Sponsor a Child” allows you to contribute directly by undertaking the responsibility of educating underprivileged children. With a contribution of just PKR. 4000 you can sponsor one child and provide him/her with the gift of knowledge for a whole year. You can also provide education for the entire school with just PKR. 80,000 per year

1 Child/Year Rs. 4,000

1 School/Year Rs. 80,000

Every rupee donated goes a long way towards helping girls and boys who have been denied access to basic education.

Zakat:

IRM is on a mission to expand the Smart School initiative across Pakistan and we need Your support to fulfill the dream of educating our future generation. It is your Zakat/Charity that will help illuminate the lives of these young children.

You have the opportunity to adopt one or even a cluster of 20 Smart Schools as a **Sadqa-e-Jaria** for your beloved ones & the schools can also be named after them.

You can donate via cheque or electronically to the Smart School account to ensure that the money you contribute goes directly into helping the cause with transparency.
