heard about SRSO that they are sending people for training in different trades for help of poor people many days I thought upon that should I go for that because

there were many household tasks of my family on my shoulders. In that way I went to SRSO/ SMU Jacobabad and I told them about me, they cleared whole process of going for training after that SRSO team came in our village for the purpose of my nomination from our CO after that another team of N-IRM came there and they asked questions from me why I want to go for training

,interested trade and after training what I want to do also they briefed regarding training center and atmosphere of it after that they fallow up me for training in the last I went for my training on next day of

my reaching to Rawalpindi training started and I got it in result of that I am ahead of you working as tailor master and now my earning is very satisfactory I am getting Rs. 250 rupees of full suite of man and Rs. 100 to 150 rupees of Child suits. I have started my work in my own House because due to financial condition, but I believe in my almighty Allah one day will come I would have my own shop. I am thank full to Sindh

Government, SRSO and N-IRM that they gave me a chance and such kind of facilities today I am fully confident for the better service of my family and Education of my children that is my dream and one day it will be true as today

I am this way the role of SRSO and N-IRM is crystal clear for the fighting against poverty in the terms of dedication and commitment towards reduction in poverty and bring the change in the socio economical conditions of deprived communities of rural Sindh and fulfilling the Sindh governments Mission of the UCBPRP.
